🎓 EDUCATION

B.tech, *CMR Institute Of Technology*

2020 – present | Hyderabad

CGPA - 8.3

INTERMEDIATE, *Mother Junior College*

2018 – 2020 | Hyderabad

Marks - 781/1000

SSC, *Narayana High School*

2017 – 2018 | Hyderabad

GPA - 8.5

🧠 SKILLS

Soft Skills

Telugu (Mother Tongue)
English (Professional Fluency)

Technical Skills

Programming
Problem Solving
Decision Making

📑 CERTIFICATES

- Crash Course on Python - Coursera

- Fundamental of Deep Learning - Nvidia

- Problem Solving - HackerRank

🌐 LANGUAGES

- Python

- C

- Java

💼 PROFESSIONAL EXPERIENCE

Internship, *CodeClauses*

During my internship in Code Clauses, I got hands-on experience in Python. I collaborated with Code Clauses and completed projects.

📂 PROJECTS

URL Shotener ⧉

It retrieves the input URL from the user and stores it in the link variable. Next, it creates an instance of the Shortener class from the py-shorteners library and stores it in the shortener variable.

Music Player ⧉

This is a GUI-based music player. It uses the Pygame mixer and the Tkinter libraries to provide an easy-to-use interface for music playback. The GUI has options to play, pause, pause, restart, skip to the previous, and skip to the next song. The user can also add or delete songs from a playlist using the menu options in the GUI. The Pygame mixer library is used to play the music and the Tkinter library is used for GUI programming and interaction.
